Survey Record: 30-bullets-pg

Survey ID: 416880723 | Total responses: 117 | SurveyMonkey title: “Review these slides...”

This document reconstructs the survey's page order, wording, and slide-deck images as configured in SurveyMonkey. Response percentages are not included here (per request) since that data is already held separately. Slide images could not be embedded directly due to sandbox network restrictions — each is linked below and opens directly from SurveyMonkey's asset server.

Page 1 — Welcome

Thank you for helping with the survey!

We will not share any of your identifying information, and all of your data will be made anonymous. You can exit any time.

As a thank you for your participation, you will receive access to a special sample pack of *The Better Deck Deck*—a tool designed to help you create slides without bullet points—along with a discount code for purchasing a full version. The download link will be provided upon completion of the survey.

Page 2 — Instructions

Pretend that you were emailed the following deck of slides to read through...

Read through the following slides at your own pace, as if you were were going to have a meeting to discuss them later.

Page 6 — Comprehension Questions (Topic: Exoplanets)

Why are exoplanets important to the search for life beyond Earth?

- They provide evidence of past life.
- They may be habitable and contain liquid water, and biosignatures.
- They are the most common type of celestial body.
- They are easy to reach with current technology.

Why do scientists prioritize Earth-like planets in their search for life?

- They are closest to our solar system.
- They are easier to observe.
- They might have liquid water and biosignatures.
- They have the same atmospheric composition as Earth.

Exoplanets were discovered in which year?

- 1972
- 1982
- 1992
- 2002

Page 8 — Comprehension Questions (Topic: AI & Customer Service)

What do AI automation and chatbots primarily help reduce in customer service?

- Operational costs
- Wait times
- Data storage
- Marketing efforts

What role do CRM systems play in customer service?

- They automate tasks.
- They reduce staffing needs
- They personalize experiences.
- They increase advertising reach.

What is the relationship between 24/7 support and overall efficiency in customer service?

- 24/7 support decreases efficiency.
- 24/7 support boosts efficiency.

- 24/7 support eliminates the need for human interaction.
- 24/7 support limits personalized experiences.

Page 9 — Slide Rating & Mental Effort

Please rate these slides (Matrix — Strongly disagree to Strongly agree):

- I found the slides to be attractive.
- The slides had a clean and simple presentation.

In reviewing the slides, I invested: (9-point scale)

- very, very low mental effort
- very low mental effort
- low mental effort
- rather low mental effort
- neither low nor high mental effort
- rather high mental effort
- high mental effort
- very high mental effort
- very, very high mental effort

Page 10 — Demographics

What year were you born? *(open text)*

What is the highest level of education you have completed?

- Did not attend school
- 1st–11th grade (each listed separately)
- Graduated from high school
- 1–3 years of college
- Graduated from college
- Some graduate school
- Completed graduate school

How often do you create presentations with slides (for yourself or others)?

- Daily
- Weekly
- Monthly
- A few times per year
- Rarely or never
